

Tavy, Walkham and Plym Fishing Club

River Meavy - Beat 1 Burrator - Marchants field 1.0 K. and Flat Wood 0.5K. Fishing directions for the 2019 Season.

Left Bank Fishing begins at the foot of Burrator Dam and extends for about 1.0 kilometers to the Dam Marchants field boundary. This is parallel to Yeo Farm.

Right Bank Fishing begins at the Northern Tip of Flat Wood and extends downstream to the end of Bowden's Plantation. This is in the second field (now wooded) below the ford by Marchants or Higher Meavy Bridge.

Access is easiest from the right bank at Marchants Bridge.

The beat is untrimmed and left to provide untamed trout fishing. In places the banks are very steep and anglers must take care when fishing these sections. Salmon and sea trout do run up to this beat but are rarely caught.
